

# KEEPING YOU SAFE AT

No1

THE ORTHODONTIC  
SPECIALISTS

*Please help us keep you and our team safe by following these easy steps and following social distancing guidelines. Thank you from everyone at No 1.*

## 1 Wait until your appointment

Please wait outside the practice or in your car and text the reception team 07544842656 that you have arrived. Please note this is a text only mobile.

## 2 Masks

Wear a face covering or mask unless you are exempt from wearing one.

## 3 Let's check it is safe to see you

Please complete your pre-appointment screening form before your appointment. We will double-check and take your temperature when you arrive.

## 4 Sanitise your hands

You may be asked to use a hand sanitiser.

## 5 Practise social distancing

To aid social distancing, you will not be able to use all the chairs in the waiting room and may be encouraged to attend alone if possible.

## 6 Maintaining high standards

Cross infection control remains a major priority. PPE and enhanced decontamination measures take longer so please be understanding.

## 7 Bathrooms out of use

Please try and use the toilet and brush your teeth before you arrive for your appointment.

## 8 Once we have finished

After the appointment, we will escort you out of the practice through the side door and ask you to come in through the front door maintaining a one-way system through the building.

## 9 Thank you

Please be patient with your orthodontic team. Covid-19 is requiring us to change the way we work and treat our patients. Thanks for helping us to keep everyone safe.
